

# RETRO

## Stepped Baffle Turtle Friendly Retrofit Downlight

The Turtle Friendly Retro Series was created to offer a coastal lighting solution that complies with wildlife protection criteria without the need to replace a legacy installation.

A low lumen output combined with a long wavelength amber-colored LED light, such as NDR Lighting's new RETRO Turtle Friendly Collection will allow sea turtles to safely access beaches for reproduction.

You can ensure your projects will meet the most recent environmental requirements to protect sea turtles nesting areas by using LED downlights in a can-type fitting using the provided adaptor.

**COASTAL  
HABITAT  
PROTECTION**

Will not disturb  
or disorient nesting  
sea turtles and their  
hatchlings

**4" • 6"**  
SIZE

**1400K**  
AMBER LIGHT

**150 • 250**  
LUMENS

**FINISH**

GU10 & E26  
adaptors included.  
(GU10 4" / E26 4" & 6")

## PRODUCT • FEATURES

Long wavelength  
Amber LED

Full cutoff design with  
regressed lens

Dimmable

IC rated

Airtight rated

Low lumen output  
downward light

Meets coastal wildlife  
lighting criteria

Wet locations

LED LED Technology

50,000 Hours
