

RAZORCORE

Recessed LED Downlight

Razor Core is the next evolution of NDR Lighting's proven downlight platform, engineered with a high-quality polycarbonate trim for a refined, lightweight, and durable finish. Featuring advanced selectable CCT technology with five color temperatures (2700K, 3000K, 3500K, 4000K, and 5000K).

Its low-profile design enables installation in tight spaces, including directly under ceiling joists, making Razor Core ideal for remodel or new construction applications across residential, hospitality, commercial, multifamily, and select outdoor environments.
