

FLOODLIGHT

Premium High-Performance LED Floodlight

FLP-150W

SPECIFICATION SHEET

SPECIFICATIONS

Housing details

Diecast aluminum, corrosion-resistant housing with dark-bronze powder paint for lasting durability.

Fixture is fully sealed to keep out moisture and dirt (IP66).

Adjustable Beam Angle (5x5, 6x6, 7x6).

Adjustable Photocell (ON/OFF)

Adjustable Wattage (75W, 100W, 125W, 150W)

3CCT Selectable (3K, 4K, 5K)

Installation

Hardware included

Adjustable knuckle and adjustable beam angle allow for precise light aiming.

Wet location listed (IP66) for outdoor installations.

Can be mounted to a junction box or on a wall.

Electrical

Easily connected to a 120-277V power supply. 0-10V dimmable.

Selectable Color Temperature (3000K, 4000K, 5000K)

Rated for outdoor installations, -20°C (4°F) minimum starting ambient temperature.

Listings: This product is UL/cUL listed to U.S. and Canadian safety standards for wet locations.

DLC Premium Listed

Selectable color temperature	3K / 4K / 5K
Lumen output	11 250 lumens 15 000 lumens 18 750 lumens 22 500 lumens
Wattage	75W 100W 125W 150W
Voltage	120 – 277V
CRI	80
IP rating	IP66
Beam Angle Selectability	NEMA 5x5, 6x6, 7x6
Photocell	ON / OFF
LED life	50,000 hours
Warranty	5 years

Mounting Options

Easily mounted to a pole using the already-installed Slipfitter Mount or to a wall using the provided Trunnion mount.

FINISHES

Dark bronze

BEAM ANGLE OPTIONS

NEMA 5x5

A medium-sized, evenly distributed beam of light ideal for facades, under canopies, signage, walkways and general landscape applications.

NEMA 6x6

A wide, evenly distributed beam of light ideal for applications with a shorter setback. Large facades, signage, recreational sports park, parking lots, and commercial applications for general area lighting applications.

NEMA 7x6

A very wide horizontal coverage beam of light ideal for large parking lots, large yards/staging areas, perimeter and security lighting ideal for maximum light spread. Excellent for spacing fixtures further apart and wider coverage without hot spots directly under a pole mount.

DIMENSIONS
